Police Nab Suspect In Campbell Hold-up

Campbell Police today are continuing their search for the other bandits involved in the armed robbery of Court's Tavern early Tuesday morning after jailing one apprehended in the San Joaquin Valley late Tuesday night. The clue leading to his arrest was the finding of the abandoned get-away car near Saratoga.

Two masked and armed men held up Court's Tavern on the San Jose-Los Gatos Road early Tuesday morning and escaped with close to $300 and two bottles of whiskey after robbing the cash register and a lone customer at the bar.

The bartender, Ed Sather, told police that the two bandits entered the Tavern at 2:15 a. m. Tuesday morning wearing white duck-billed caps and white stockings over their faces. One carried a sawed-off rifle and the other a sawed-off shotgun with which they threatened the customer, John Kelso, who they robbed of $98, and himself while they scooped the contents of the cash register into a brown paper bag. They also snatched up two bottles of whiskey to add to their loot before making their escape.

Kelso jumped into his car and chased the bandits' car to Campbell Avenue where he met Patrolman John Morgan. After telling Morgan what had happened both men set out after the fleeing car but lost it when they followed the wrong car down Winchester Road.

JERRY HENLEY AND 15 OTHER SCOUTS FLY TO EUROPE TODAY

Sixteen Explorers, older boy members of the Boy Scouts of America, accompanied by three adult Scout leaders, fly to Europe today (Thurs.) from McGuire Field, Trenton, New Jersey, to be guests of Boy Scouts in the six countries they will visit. Jerry Henley of Campbell and Andy Winnick of San Francisco flew from Hamilton Air Base for New Jersey on Monday.

This first Explorer Airlift to Europe was arranged by the National Council of the Boy Scouts of America. The United States Air Force is assisting with transportation.

The nation's 538 Boy Scout councils were invited to nominate for the trip their outstanding Explorer with leadership ability. Final selections were made by the twelve Scout regions in the nation.

"These airlifts present an unusual opportunity," said Dr. Arthur A. Schuck, Chief Scout Executive of the Boy Scouts of America, "for us to cement further the fine relationships which now exist between Scouts abroad and Scouts and Explorers of our own nation."

Reaching Weisbaden, Germany, tomorrow (FRI.) the Scout party will split into three groups. Between July 1 and July 14, one group visits Finland, the second goes to Norway, and the third goes to the Netherlands. Then, until July 27, those who visited Finland will be in Sweden; the group that visited England will be in Norway, and the third group that visited the Netherlands will be in Denmark.

While in the six countries the American boys will be house guests and camp guests of the local Boy Scouts.

The entire American Explorer party meets in Stockholm, Sweden, July 28 and starts a four-day visit as guests of Silva, Inc., a Swedish and American industrial firm. The Explorers will see the sights, visit castles, and enjoy Swedish Scout hospitality. They fly from Stockholm August 1 and spend the next four days in New York, again as guests of Sila, Inc., and start for home from McGuire Field on August 5.

Arthur N. Lindgren of Jamesburg, New Jersey, assistant national director of Exploring Service, Boy Scouts of America, is in charge of the Explorer airlift to Europe group, assisted by two adult Explorer Advisors, William Oberteuffer of Portland, Oregon, and Marcel Guenette of Brockton, Massachusetts.

The Explorers in the party are:

Douglas H. Philipsen, Brandon, Vermont; George G. Chormann, Lewiston, New York; Paul R. Mills, Jr., Collingswood, New Jersey; James Carruthers, Mt. Union, Pennsylvania; Albert Blackhurst, Sewickley, Pennsylvania; Burton A. Dudding, II, Parkersburg, West Virginia; Jack H. Watson, Jr., Pine Bluff, Arkansas; John T. Argo, Americus, Georgia; Richard G. Meese, Center Line, Michigan; David A. Riggs, Evansville, Indiana; Dave Ennis, Mt. Vernon, Iowa; Benny Pilcher, Abilene, Texas; Reese C. Johnson, Billings, Montana; Russel H. Betts, Missoula, Montana; JERROLD HENLEY, Cambell, California; and Andrew Winnick, San Francisco, California.

As the American Scout party departs, sixteen older Scouts and two leaders from England, France, Sweden, Finland, Turkey, Greece, Germany, and Italy begin their second week of high-adventure wilderness camping at the 127,000-acre Philmont Scout Ranch at Cimarron, New Mexico. They flew to McGuire Field June 19 for a five-week goodwill trip as guests of the Boy Scouts of America.

Rotary Awards 'Horseshoe' To Outgoing Prexy

Fun and horse-play held sway at the regular Monday luncheon of the Rotary Club with the outgoing president, Les Harmon, at the receiving end. An annual tradition of the club is the debunking session in which the outgoing predident is accused of all kinds of outlandish and ridiculous acts and mistakes and is forced to defend himself.

The high spot in Monday's program came when Harmon was draped with a daintily painted "bathroom" seat in lieu of a horseshoe wreath of flowers usually awarded winners and congratulated for a job well done. His accomplishments for the past year on behalf of the Rotary Club were recounted with particular emphasis on the Little League Stadium at Rosemary School which was started and completed during his term of office. Cel Gerevas presided over the program.

A new panel of officers will assume their duties at the next meeting with Cel Gerevas taking over the gavel as new president.

Phoney Tickets Used At Carnival

That crime does not pay, was the discovery made by five boys of about 13 last Saturday at Quito Park Cub Pack Carnival where red tickets were being sold with which the purchaser could buy food, play games and win prizes. The boys obtained a roll of similar tickets and proceeded to try out the booths.

Soon they were loaded with prizes and stuffed with candy and sofe drinks, even going so far as to get refunds at the ticket counter for tickets they decided not to use.

Some adults suspecting the boys had not purchased the tickets, examined them, found a new serial number on tickets, then notified parents.

The carnival chairman indicated the boys had used up about $50 in tickets on the spree.

IDA PRICE, FIRST PRESIDENT COUNTRY WOMAN'S CLUB, DIES

IDA PRICE

Mrs. Ida Price, first president of the Country Woman's Club of Campbell which she helped organize in 1905, died Saturday at her home, 886 Dry Creek Road. She was guest of honor February 7th of this year at the birthday tea of the club when the charter was re-issued. She had resided in Campbell 65 years and was 96 at the time of her death.

Survivors are her sons, Eliphalet C. Price and Oliver S. Price of Campbell, and Davis W. Price of Oakland. There are five grandchildren and a great-grandchild.

Funeral services were conducted Monday afternoon from the John W. Dowdle Mortuary in San Jose with the Rev. Joseph H Bennett of the First Congregational Church officiating.

Ida Price was always active in Campbell affairs and, until the last, very modern in her thinking. She did not resist change, instead she welcomed it and often said, "We live in a changing world, so we must change our thinking to keep pace". She had lived alone, next door to her son and daughter-in-law for a number of years, did her own cooking and almost all of her own work because that was the way she liked it.

The Country Woman's Club was a realization of Mrs. Price's dream and she served as its first president from 1905 to 1908.

More than fifty years ago, she, with five other women, started the nucleus of the present organization. At first they met in homes. On January 19, 1905, the club received its Articles of Incorporation which were signed by Mrs. Price and her charter members. The objective of the club was stated as being: To increase kindly, fellowship, encourage high thought and free speech, foster worthy talent and aid in the growth of the Campbell Free Library.

Three months later the club rented a building at Campbell and Central Avenues and opened a reading room. From this beginning Mrs. Price watched her club grow in membership until it was able to build the present Country Woman's Clubhouse and Library on Campbell Avenue in 1923. To finance the building members held a Chinese Festival, gave plays and had numerous other fund raising projects through the years.

One of Ida Price's proudest moments came last February 7, when she received the second papers of Incorporation on behalf of the club and was its honored guest at the Golden Anniversary Tea.

Col Carlton's bailout at 27,000 feet at an indicated air speed of 550 m. p. h. is still the highest bailout recorded in the Caterpillar Club files. The book is being written by Ian Mackersey, editor of Air Clues, the RAF's flying safety magazine.

EDITORIAL

COMMUNITY APPRAISAL

There is a definite place in a community the size of Campbell for a Chamber of Commerce. There are too many things about to happen here to even think that the Chamber of Commerce will not be on hand to champion the causes looking toward community betterment.

There is vision with the schools knowing full well that population is growing with some 1200 new homes to be built here within a year; vision with the city that streets are to be widened, storm drainage provided, a civic center and a park planned; vision with the churches already building or planning to build costly new structures; vision with investors starting new shops to cost an aggregate of several million dollars in Campbell alone; vision with planners that with new freeways the demand for new homes in Campbell will be accentuated. Indeed, there is vision with industry seeking knowledge of community potentials for their possible investment.

Need a Chamber of Commerce? Of course we do —a virile, hard-fisted, resourceful Chamber of Commerce with **vision.** Not just an office to hand out maps and answer questionos, but one that will go out after the things most needed, one willing to work with other organizations for community betterment.

There are some 300 licensed businesses in and about Campbell who would likely support an active Chamber of Commerce. The problem seems to be getting their cooperation. It can be done. It should be done.

Let's not have a dim vision about the future of Campbell. It is the bright spot on our horizon. Some group has to beat the tom-toms, to carry the banner to lead the way, to inform, to contact and do oher community chores — and what better organization for this than the Chamber of Commerce?

WORK FOR IT

A noted educator seems to disapprove the practice of granting college degrees to young men and women on completion of their classwork. He figures they should be made to come back every five or ten years to give evidence they have learned how to use their knowledge. At the end of 25 years or so, if their intellect grew and became useful, they would then get a degree. It could then be cherished, and certainly there are points in favor of it. It is how one uses his education that makes it valuable.

But if one goes after a Ph.D. under this proposed system, it might take fifty or more years, and by that time the candidate wouldn't much care if he got it or not.

INDEPENDENCE DAY

If the people who inhabited the 13 colonies along the Atlantic 179 years ago had lacked the quality of self-dependence, they never would have had the courage to declare their independence of the British Crown. But this self-dependence was one of their strongest characteristics. They and their forefathers had conquered the wilderness immediately about them, and had established their homes and communities in the face of difficulties which would have overwhelmed a less self-dependent people.

As we celebrate our national Independence Day, it is well for us to keep this in mind, for over the decades we have been losing our self-dependence — our independence, if you please.

More and more we have come to look to others for the the solution of our problems. Not just our community and national problems, but so often our individual problems as well. A young married couple remarked rather plaintively that they had no relatives to help them financially. They were reminded that their greatest opportunity in life was to help themselves and also to try to help others, rather than to expect others to do things for them.

Cerainly we shall not be worthy of those who founded our Nation unless we strive to emulate the spirit of independence which motivated them. This means standing on our own feet, saving for our future, and not looking primarily to government, relatives, or friends for our well being. It means facing up to our local, state, and national problems and contributing all we can in thought and energy to their solution. No nation can long remain free whose citizens fail to meet squarely their individual and collective responsibilities.

LOOK OUT! KIDS ABROAD!

Summer in full force is with us, in spite of cool breezes. School is out and youngsters are scattered about, playing in the streets, walking along busy thoroughfares, and riding their bikes to and from playgrounds. Motorists, take heed. Our most prized possessions are all about you. Watch for them, and drive carefully, please!

BRANCH MANAGERS

The other day a group of men were discussing their jobs, weighing promotions and wages. One remarked that the only way that he, as a government employe, could get to the point of real solvency was to become a "branch manager." One other, a small businessman, replied that he was already a "branch manager"—it seem that anyone in business today is really "out on a limb", so he must manage that branch at least!

Edwards at 744 East Campbell avenue was most unexpected and the one from Mamie Eisenhower sort of revealed the human side of this marvelous couple in the White House at Washington . . . they were concerned with the number of grandchildren and great-grandchildren., and of the facts as reported in the Campbell Press that in the recipe for a long and happy life, Mr. Edwards contends that love is the most important ingredient while Mrs. Edwards believes tolerance and a good sense of humor should also be added and that if a couple can laugh together over their problems and mistakes they can weather any storm . . . which is much like the Eisenhower outlook for parenthood.

Property Taxes Up 16 Per Cent In S. C. County

Property taxes levied in Santa Clara county reached $34,880,844 for the year which ends today, California Taxpayers' association reported.

The $34,880,884 total levy in the county for 1954-55 is 16.6 per cent greater than the $29,912,504 levy for 1953-54 and it is 90.6 per cent greater than the $18,303,156 levy for 1949-50.

Population of the county, in contrast, showed a 7.2 per cent increase from January, 1954, to January, 1955, and a 39 per cent increase from the 1950 census to January, 1955.

Included in the $34,880,884 total property tax levy in the county for 1954-55 were $10,181,282 for general county purposes, $5,218,260 for municipalities, $17,144,671 for school districts, and $2,336,631 for special districts, the Taxpayers' association said.

Warning that the size of the 1955-56 property tax levy is being determined right now in the actions taken on budgets by county supervisors, city councilmen, and school and other district trustees, the Taxpayers' association said:

"The size of the budgets adopted by the local governing boards will determine the size of the tax bill the property owners will receive in November.

"If the county, or the city, or the school or special district budget is measurably higher, then next November's property tax bills will be higher.

GARROD, FAIR BOARD HEAD ANSWERS CRITICS

R. V. Garrod, of Saratoga, chairman of the Santa Clara County Fair Board yesterday said the interim use of the fairgrounds is growing steadily, citing that income was $12,880 in 1954 as compared with $3,727 in 1953 when used by 35 organizations on 66 interim days. He said there are 36 standing committees including 400 members who deal with affairs of public interest.

This was in part, a reply to criticism directed at the fair. He denied the allegation that 53 per cent admissions were free citing a state law which limits courtesy passes to 4 per cent and rigidly followed. He said standard fees are charged for commercial exhibits but no charges are made educational exhibits. He maintained more buildings are needed to house commercial floral and poultry exhibits which would be paid probably by the state.

The fair, Garrod said, was started by a Chamber of Commerce committee in 1936 picked a site and entered into a contract with the Board of supervisors after setting up the Fair Association to run the fair, the supervisors to provide the plant. The Fair Association received its allocation of prai-mutuel funds from tax paid to the state from horse racing. All fair lands and improvements were the property of the people with the County Supervisors as the legislative body.

Garrod said that in drafting the County Charter in 1950 this agreement was overlooked. Through efforts of the Fair Association the County has title to 189.276 acres of land and all improvements valued to five million dollars. He cites the educational value of the fair, especially toward ranchers, future farmers and 4H club members, that while being the youngest fair in the state, it today is in the top four bracket in point of importance.

Campfire Girls Have Outings

THE NO KI TA CAMP FIRE girls of the Moreland District had an excursion to Sea Cliff since school was out, accompanied by their leader, Mrs. Betty Horan. The girls who had fun building beach fires and swimming in the breakers were Carol Gates, Sharon Mayberry, Cheryl Horan, Shirley Shaw, Myrna Roseler, Linda Straight, Patty Lagiss, Carole Simmons and Betsy Ballantyne.

THE BACK YARD of Mrs. Ethyle Mae Smith was the center of big doings in another Moreland District group. Girls and mothers had a barbecue, and Miss Barbara Lindfors, County Field Director, spoke about Camp Fire to this group which just flew of to Camp Fire at Campbell's Grand Council Fire. The Indian name selected by this group is Shat-w-aya, which means helping others or busy for someone. The girls present in their leader's back yard were Diana Neale, Connie Thompson, Connie Nickell, Patty Davis, Mary Klinge and Cynthia Smith. Mothers present, in addition to Mrs. Smith, were Mrs. Laura Neale, Mrs. Edna Thompson, and Mrs. Esther Nickell. Other girls in the group, unable to attend, are Cheryl Greenwell, Divita Sharp and Penny Purdy.

CAMP FIRE GIRLS IN THE 5th, 6th and 7th of El Quito Park School had a pot-luck picnic and ceremonial at Villa Montalvo one evening before school was out. The outdoor theatre made a lovely setting for a candlelight ceremony, at which the girls received honor beads. Dr. L. C. Jauncey, Campbell District Awards Chairman, was one of the spectators of this event, as were Mr. and Mrs. Frank Mortara and children. Mrs. Mortara has the fourth grade Blue Birds of El Quito who just flew up to Camp Fire Girls. A lavishly loaded picnic table offered the eaters a variety of hot and cold dishes.

A beautifully decorated cake had been ordered specially, with the names of the two groups adorning the top in luscious frosting. The older girls, under the leadership of Mrs. Jaunice Boren, selected the name We-to-machick, which means friends. The fifth graders of Mrs. Helen McLeod and Mrs. Bevery Coe call themselves I-Y-Wa, which means to make progress, joyfully. Girls from the groups present were Elaine and Nancy White, Patsey Welch, Joanna Boren and Linda Wilson. Fifth graders were: Sandy Charlton, Phyllis Cunningham, Bonnie Coe, Carolyn Archibald, Sara Beth Mallory, Dorothy McLeod, Marsha Smith, Lorolee Ostler and Grace Higa. Parents who were able to attend, in addition to the leaders, were Mrs. Wilma Welch, Mr. and Mrs. R. White, Mr. and Mrs. Calvin Wilson, Mr. and Mrs. W. L. Archibald, Ray Coe, Garvin McLeod, Mr. and Mrs. Robert Smith, Mr. and Mrs. George Charlton, Jr. and Mr. and Mrs. Edmund Hilscher.

COUNTY CAMP FIRE NEWS

Camp Wastahi, the fifteen acre forest wonderland in Big Basin State Park, will start resounding to the joyful voices of Blue Birds and Camp Fire girls as the summer camping program commences with Blue Bird Day at Camp, July 1st.

According to Mrs. Suzanne Skinner, executive director as well as Camp Director, any Blue Bird, regardless of her grade in school, may now spend a whole week at Camp Wastahi. Heretofore, only those girls going into the fourth grade were so privileged.

Frank Orahood, camp maintenance chairman, has with the assistance of many parents, succeeded in putting the camp in excellent order, in preparation for the five sessions of campers, whose sessions start July 5 and continue until August 15.

Most of the sessions are filled, except the last two, and girls who may wish to attend one of these sessions still have time to register at the Camp Fire Office.

Many summer trips are being planned for Blue Birls, Camp Fire Girls and Horizon Club Girls. There are still a number of vacancies in the July 13 excursion to the San Francisco Airport, cost of which is $1.75, which includes insurance and transportation by Greyhound.

This is the first year Camp Fire has offered day camp, the first session of which will be from Aug. 1 through Aug. 5. Under the supervision of Miss Barbara Lindfors, girls will be offered a week's camping, similar to the Camp Wastahi experience, but will sleep at home. Day camp will be at Blackberry Farm, Monte Vista, which is out Stevens Creek Road. The cost is very nominal, and campers must furnish transportation, or form car pools.

Marieta Bumpass Becomes Bride Of Richard Chapman

Before an ivy covered arbor flanked with white gladioli and transvaal daisies, Marieta Geneva Bumpass and Charles Richard Chapman recited the vows that united them in marriage Sunday, June 19th. The wedding took place at the San Tomas Baptist Church with Reverend James Warren performing the 2 p. m. ceremony.

Marieta is the daughter of Mr. and Mrs. Clifton B. Bumpass of 1166 Walters Avenue, Campbell, and the sister of Carl Junior and Hubert Earl Bumpass. She is a June graduate of Campbell High School.

Charles Richard is the son of Mr and Mrs. Charles J. Chapman of 784 Smith Avenue, Campbell, and brother of Doris, Lois, Barbara and Harold Chapman. He is a Campbell High graduate and is employed by the Ford Plant.

For her wedding the bride selected a full length gown of lace over nylon tulle with long sleeves, styled with a short front peplum and a ruffled overskirt in back. She carried a cascade bouquet of white orchids and stephenotis and was escorted to the altar by her father.

Maid of honor was Sue Coffin who wore a blue lace ballerina gown and carried a French bouquet of blue carnations. Bridesmaids were Shirley Sawards, who wore a green ballerina length gown with matching hat and carried a bouquet of lavender carnations, and Doris Chapman in a pink ballerina gown with matching hat and carrying a bouquet of green carnations.

For her daughter's wedding, Mrs. Bumpass chose a pink dress with blue polka dots and navy blue and white accessories, and a blue orchid corsage.

Mrs. Chapman, mother of the groom, wore a pink and black dress with white accessories and pinned on a blue orchid corsage.

Ike Stephens performed the duties of best man, and Carl Bumpass and Ben Jay Yates served as ushers. Organist was Carolyn Handlan, and Mr. and Mrs. William Lamb were vocalists.

Following the ceremony, a reception was held at Fireman's Hall in Saratoga for eighty-three guests. The newlyweds made the traditional first cut in a three tiered wedding cake which was centered on a serving table decorated with white stock and fern.

For their honeymoon trip to Yosemite, the bride donned a blue dress trimmed in white with white accessories and pinned on an orchid from her bridal bouquet. Upon their return, the young couple will make their home at 1402 Crystal Drive, Sunnyvale.

Out of town visitors at the at the home of Mr. and Mrs. R. B. Edwards on East Campbell Avenue were their nieces, Florence and Marie Campbell of Merriam, Kansas, who made the trip especially to attend their aunt and uncle's Golden Wedding Celebration on June 19; and Ray and Hazel Russell of Whittier, California, cousins of the Edwards. Florence Campbell is Postmaster of the Merriam, Kansas, office which has been operated by the Campbell family since its beginning. She and her sister will tour Washington and Idaho before returning home.

Mario Saia, of Cambrian Drive, returned Tuesday evening from a flying business trip to the east coast where he made stops in Hanover, New Hampshire, Boston, Massachusetts, and New York. He says he had breakfast Tuesday morning at 7 a. m. in New York, lunch at Chicago at noon and dinner at home in Campbell, all the same day. That's really traveling.

Mr. and Mrs. Rex Kaber of 680 Emory Avenue and Guy Smith, Campbell Legion Post adjutant, have been attending the State convention of the American Legion at San Diego.

Mr. and Mrs. James B. Arends Jr. and twin daughters Gretchen and Evelyn of 449 Maple Street returned home this week after motoring to Boulder, Colorado, to see Mrs. Arends' sister and her new twin babies. After looking their new twin cousins over the Arends twins think it is alright to keep them in the family. While in Boulder, the Arends toured the University of Colorado, and saw the elimination finals of track stars for the Olympic Meet. On the return trip home the Arends ran out of gas on the desert and Jim hitched a ride to the nearest station while his wife Evelyn and daughters stayed behind and played ball. Mrs. Arends says he always runs out of gas on every trip and this was no exception.

Del Hollenberg, associate pastor of the Congregational Church, is making a short visit to his home town of Redlands.

R. C. Lindsey New Chairman Of Red Feather Drive

General chairman of the 1955-56 Red Feather Campaign to be conducted by Community Welfare Council of Santa Clara County this fall in Campbell, San Jose, Santa Clara, Cupertino and neighboring communities will be Robert C. Lindsey of San Jose.

Announcement that Lindsay has accepted the Community Chest campaign chairmanship was made by Walter Gipe, Council president.

Gipe said that Campbell will have its own campaign set-up in the Chest appeal this fall, headed by a Campbell chairman, who will work in cooperation with Lindsey.

Lindsey is a veteran Community Chest campaigner and also has been active in other fund-raising appeals. He was chairman of San Jose's YMCA membership and financial drive in 1954, chairman of the Christmas seal campaign in 1953, and a volunteer worker in several Red Cross drives.

The 1955-56 Red Feather appeal to be sponsored by the Community Welfare Council has been enlarged in scope to include not only Campbell, which affiliated with the Council in February, but a total of 25 cities, towns and rural communities in central Santa Clara County.

BPWC Fete Award Winner At Potluck

President Margaret Leick decreed there should be no business transacted when the Business and Professional Women's Club gathered last Wednesday at the Ethan Lanphear home on Sweetbriar Drive for a potluck dinner and evening of fun. Guest of honor was JoAnn Minehart, winner of the B. P. W. C. Scholarship award, who spoke briefly on her hopes for a future career in the nursing profession.

After everyone had stuffed themselves on fancy hot dishes, exotic salads, calorie loaded cheese cakes, and Ellen Lanphear's feather-light hot rolls, no one was able to move so they all sat and played Bingo with prizes going to winners.

Since the Rosemary School is closed for the summer, the club will hold its next meeting on Wednesday, July 13, at the home of Emily McConnell at 40 Carlyn Avenue.

Quito Cub Pack Carnival-Fiesta Was Gala Affair

Quito was a lively area last Saturday morning, what with a sound truck going up and down the streets, followed by a large contingent of children on gaily decorated bicycles, trikes, wagons, and buggies. The loud speaker in the truck informed the householders what most of the children already knew: "Today is Quito Cub Pack 35 Carnival and Fiesta on Wheels."

The Parade on Wheels started at 11 a. m. at Westhope United Presbyterian Church in Quito, where several score children had been assembled since an early hour with their decorated vehicles. All mounted their equipment and followed the sound truck over to Quito School, where prizes were awarded for the best decorated wheel goods.

The pre-school and kindergarten entries were in one category. Tip Tiffany rode a small bike with a cleverly constructed horse's head over the handle-bars, and the back section complete with tail. Although Tip took a tumble and dislocated part of his horse's anatomy, he was easily consoled by the receiving of first prize, which was three fifty cent pieces. Tip was happy, and told his friends he'd gotten about three dollars. Little Melanie Close won second with a decorated wagon, and Linda Upton's cute little bike won third.

In the first through third grade division, Sheila Frizell had attached a seat to her bike to make it appear to be a buggy, which creation won first prize. Joanne Elizondo and Judy Jurke pulled a couple of wagons with stuffed animals, and this circus motif won second prize. Third prize went to Gary Porter, whose bike was camouflaged into the appearance of an airplane.

The fourth through sixth graders had many clever ideas, and the judges found it difficult to arrive at an easy decision. After parading around in a circle for a while, a rickshaw of Lonny and Teddy Raymond won first. Dorothy Frizell pulling a wagon containing Bradna Frizell attired as Miss America came in second. Third place was a tie between John Tiffany with a horse-bike and Jackie Snyder's bike with attached radio.

After the judging, everyone went over to the Carnival booths, where food, games, and prizes were the attractions. Little Larry Elizonde had a most choice spot. He sat perched over a huge barrel of water, and when an attached plate was hit with a ball by a customer, he fell backward into the water. There was no prize for the lucky ball-thrower, except for the satisfaction derived from seeing Larry dunked. Larry robbed the bulls-eyers of much satisfaction, however, by his obvious delight in his job. He rooted for the thrower to do a good job and dunk him, and hissed at the missers.

In the next booth, a wet game was in progress, called "Throw in the Sponge." Rusty Bartoli had his head through a hole in the canvas waiting for the throwers to hit him in the face. Prizes were awarded here, probably because a wet face didn't pay off as much in emotion as a dunked body.

Dorothy Markert had charge of the beauty shop, where for a small fee, boys and girls received a crazy hat and a make-up job. One teen-ager was given a freckle-face, and so instead of directing a look of admiration into the mirror, she let go with a shriek of horror.

There was a cotton candy booth, fish pond, penny pitch, skill ball games, darts, with parents of the cubs taking turn throughout the day behind the booths. Some of the parents on hand were Warren Thorpe, Harry Drees, Velma Holmes, Jean Vandever, Elma Porter, Ernie Porter, Marge Elizondo, Marie Fowler, Stephen Kidd, Oliver Upton, Leu and Herb Raymond.

Cub masters of Pack 35 are Al Rueter and Ernie Porter; assistant cub masters: Wayne Turner and Gene Vandever. Herb Raymond is Committee Chairman and his wife, Lue, had charge of the very successful Carnival Events.

Committeemen are Fran Markett, Al Elizondo, Ollie Upton, Harry Drees, Ed Hogan, Gene Vandever, Fred Stahl. Den Mothers are Lue Raymond, Elma Porter, Marge Elizondo, Ferry Hogan, Carol Patrick, Marian Rueter and Jane Drees,

Bankerettes To Have Annual Meet

Mrs. Ruth Bates, Campbell resident, and American Trust Company Campbell Office employee is in charge of decoration and favors for the coming Kick-Off Dinner planned by the Women's Committee of the Santa Clara County Chapter, American Institute of Banking Thursday evening, July 7, in the Terrace Room of the Hawaiian Gardens in San Jose.

It opens the membership and enrollment drive for the local chapter for all women in Santa Clara County banks. Mrs. Anna Fields, Member of the National Women's Committee for District 8, A. I. B., will be the main speaker. She will bring greetings from the National Office, and report on the Women's Conference held during the A. I. B. National Convention at Miami, Florida, in June. Also on the program is Mrs. Kay Harvey, second vice-president of Santa Clara County Chapter A. I. B., who will speak on the advantages of the Effective Speaking course to be offered as one of the six courses to be presented in the Fall and Spring curriculum. Mrs. Harvey is an American Trust Company San Jose Office employee, who recently placed second in the District 8 public speaking contest for the A. P. Giannini endowment prizes, in Alameda. A talk on good grooming for the business woman will complete the program. Approximately 125 bankerettes are expected to attend.

CIRCLE THEATRE SERIES TO OPEN FRIDAY EVENING

The Summer Circle, Santa Clara County's own summer stock company, gets under way tomorrow night with a new comedy "Jane" which is being done for the first time on the Peninsula. The leading parts made famous on Broadway by Edna Best and Basil Rathbone are being portrayed by Margaret Douglas Chamberlin and Charles Barnes. Directed by Paul Beaudry the group will again use the Hotel Lyndon in Los Gatos as the location for their "circle type" production. Seated in a circle surrounding a center stage the audience is within arms length of the actors who move through their action apparently unaware of the closeness of the spectators. Occasionally a member of the audience has been known to put out his cigarette in an ashtray that is a "prop" or to pick a paper or magazine that is a part of the action. The actors are quite used to such intimacies and regard it as part of the fun of the Summer Circle.

Supporting roles in "Jane" will be carried by Pat and Paul Beaudry, Lyland Mills and William Miley all favorites of Summer Circle audiences while Gail Anderson and Jerry Gilmer are making their initial start with the company.

The play, laid in a smart London home, gets off to a quick start with the arrival of a country cousin, a dowdy, wealthy widow from Liverpool. Her sophisticated relatives are shocked and horrified to discover that she intends to marry a handsome, ambitious young architect who is twenty years her junior. The comedy heightens as a young poet, a world traveler and an amorous newspaper publisher are introduced into the action with interesting results.

INK STAINS

By HELEN McLEOD

by Helen McLeod

EVEN IN DOGGY-DOM, no odor is an asset. In writing about 10-year old Louise Pechin's puppy which she is raising to be a blind person's guide, I referred to Gertie as a police dog. I learned that it is actually a Weimeranar, a German Hunter. These dogs are replacing the police-dog breed, because it was discovered that when wet, the weimaraner had no doggy odor. Louise became interested in blind people from seeing the blind children who attend Quito school, not in special classes, but right along with the other students.

ONE OF THOSE BLIND CHILDREN has a kitten of ours. Mrs. Florence Gilmore, Quito teacher of the children with seeing difficulties, called me when she heard our cat had produced, and I told her she could bring the child to look the kittens over and select one. Not knowing the child was blind, I didn't understand at first when Mrs. Gilmore said that she would take any one of the litter.

THE MOTHER CAT, LITTIE LEE, was expecting again last week. Some difficulty developed, and she died, and is buried in the back yard along with two of her kittens who didn't survive last time, a bird Little Lee killed once and for which she was rebuked, a gold fish which was found dead in his bowl, a water snail from the same source, an assortment of dehydrated field mice and frogs found in various stages of decomposition in our yard. Little Lee was an avid gopher hunter, taking care not only of our yard, but the neighbors' also. Once she became sated with these delicacies, and brought a live baby one to our door. We took it to the Junior Museum in Alum Rock Park, where is survived for about a year, and whose pictures were used to illustrate a "How to Kill Gophers" article in a downtown paper.

BOB WALTON OF PASEO CERRO IS MISSING. This is the large Doberman Pinscher, pet of the Gli Walton's, who has been with them through many States and events. The Walton children would very much like to know Bob's whereabouts, and if he is among the quick or the dead.

M. S. ELLICK, JR., former minister of Qutio Baptist Church, is still busy in five counties with his Bible ministry. The Ellicks are now living at 12550 Paseo Cerro. GEORGE ELLIOTT, on that same street, now offers a barbecue service for clubs, societies or any large group.

DR. E. S. STEPHENSON is back in his Quito office, after a vacation which took him and Mrs. Stephenson camping at Yosemite, and visiting friends and relatives in Bakersfield, San Diego, and many other towns. The two older children, Gary and Suzy, stayed with Dr. Stephenson's mother, Mrs. C. Stephenson, in Beverly Hills, while the little one, Lynn, vacationed with Mrs. Stephenson's parents in Salinas —Dr. and Mrs. D. D. Stofer.

MORE VACATIONERS ARE THE SUTTERS—Mr. is Robert, teacher at Moreland; Mrs. is Dorothy, principal of Quito School. The Sutters with their two children, Karen, age 14 and Eddie, age 10, are taking the Canadian Pacific back East, where they will buy a car, then tour some Canadian provinces before returning home. QUITO SCHOOL TEACHERS' SUMMER DOINGS: TOM WILBERDING is counselor at a boy's camp near Lake Tahoe. G. McMILLAN IS RECREATION DIRECTOR at the Quito School Play ground activities this summer. JEANNE TENHAEFF is attending college in Colorado. DORIS HUBBARD plans on motoring through Canada.

VIRGINIA LAGISS, Who is leaving the Moreland District and moving into a new home nearer San Francisco, was given a hanky shower at the home of LeVerne Bitzer.

MRS. ADRIAN JONES, Brownie Leader, celebrated her birthday in a big way the other day. First it was dinner in Cupertino with Mr. and Mrs. Bruce McGills, then dancing afterwards at Moffett Field Officers Club.

RANDOM THOUGHTS WHILE WATCHING a new class B picture: Now all signs, letters and cards are given the close-up treatment by the movie cameras, although the lettering is quite clear on the large theater screens. But I see the PLOT. This is the preparation being made for us to see these same inferior pictures with ease on TV screens ten years from now. My one hopeis—Have they quit making Charley Chan pictures? TV IS INFLUENTIAL, without doubt. Tip TIFFANY from up the street was over to our place the other day, and told me that since watching an exercise program on his set, he can now tackle and subdue any boy, no matter how much older or bigger than he is. AND THEN THERE was last summer. My little boy had never been on a horse, but had seen how cowboys ride. So he mounts, and gallops off, unperturbed, while his two sisters, who'd had many lessons, followed fearfully at a stale walk.
